Dear pedigree breeder,

Welcome to our new Prestige Charolais catalogue. The Prestige Selection is a range of elite bulls which we at Progressive Genetics have chosen for you, the pedigree breeder. These sires have been carefully selected & represent the best Charolais genetics available globally.

The Progressive Genetics team are always available to provide professional advice to enable you to achieve the breeding goals for your herd.

Please note many of the sires featured are 'pre-order' & will not be carried by your A.I. technician. These sires should be pre-ordered from Progressive Genetics at least three weeks before the semen will be needed. You can call your local representative, order on-line from progressivegenetics.ie or call the office.

Brendan Scanlon
Chief Executive Officer
Progressive Genetics Co-op Society

PROGRESSIVE
GENETICS

- Progressive Ataxia - Non Carrier
- A super well-bred bull with a low reliability index as it is a new bloodline.
 - A son of the renowned Giono, one of the most used bulls in France in recent years, renowned for excellent muscle development and performance.
 - His French genomics predictors are excellent for calving ease and all the carcass traits.

★★★★★★	Daughter milk (Kg)	4.5 kg	93% (Very high)	★★★★★★
★★★★★★	Daughter calving Interval (d)	-4.08 days	70% (High)	★★★★★★
Progressive Ataxia - Non Carrier				

Sebana Moynagh Voimo cow

Voimo son

- Voimo has established himself as a firm favourite for calving ease on pedigree maidens.
- Daughters make great brood cows, excellent on milk & fertility.

★★★★★	Daughter milk (kg)	-5.0 kg	84% (Very high)	★★★★★
★★★★★	Daughter calving Interval (d)	1.51 days	53% (Average)	★★★★★
Progressive Ataxia - Carrier				

- What a legend! Only 5 % calving difficulty on cows and in the top 1% for Carcass Weight and the top 3% for Carcass Conformation across breed.
- One of the best proven Charolais bulls available anywhere, It's no wonder he was the most used Charolais bull in Ireland in 2022.
- The ultimate charolais sire; calving ease, performance, quality.

Progressive Ataxia - Non Carrier

- An excellent quality well-bred bull with a low reliability index as it is a new bloodline.
- Use him and you will not be disappointed - he comes from superior proven French AI sires and had an excellent performance test.
- His French genomics predict that he will be an all-rounder excelling in both maternal and terminal traits with average calving.

Sultan sire - Jarrett

Sultan Grandsire - Castor
